REISSUE DECLARATION OF GRAEME C. MCKINNON

Attorney Docket No.

S13.12-0106

- I, Graeme C. McKinnon, a citizen of Zurich, Switzerland hereby declare that:
- 1. I am the first and sole inventor of the subject matter claimed in U.S. Patent No. 5,792,055 to McKinnon, issued August 11, 1998 and entitled GUIDEWIRE ANTENNA, filed on November 19, 1996 as a continuation of application serial number 08/311,700, filed September 23, 1994 (now abandoned), for which I solicit a reissue pursuant to 35 U.S.C. §252.
- 2. I have reviewed and fully understand the contents of the above-referenced patent, including the specification, original claims, and the new claims. I believe that I am the original and first inventor of the subject matter which is claimed and for which a reissue is sought. I acknowledge my duty to disclose information which may be material to examination of the application.
- 3. I believe my original patent to be wholly or partly inoperative because I claimed less than I had a right to claim in the original patent. I believe my claims in the original patent do not reflect the full breadth of my invention for the reasons set forth below.
- 4. The claims in my original patent do not include claims drawn to imaging the wall of a body cavity. While the claims existing in the original patent do claim features for which I desire protection, the claims do not include protection for imaging a wall of a body cavity, which I disclosed in the specification. Therefore, the patent is wholly or partially inoperative for failing to claim the full extent of my invention.
- 5. All errors corrected in this reissue application up to the date of filing this declaration arose without deceptive intent.
- 6. I acknowledge willful statements and the like are punishable by fine or imprisonment or both under 35 U.S.C. §1001 and that such willful false statements may jeopardize the validly of the Application or any patent issuing thereon. All statements made herein based on my own knowledge are true and all statements made herein based on information and belief are believed to be true.
